
SHERWOOD VALLEY BAND OF POMO INDIANS

Date: October 27, 2025

To All Voting Members of SVR Band of Pomo Indians,

We are conducting a new system to help cut down on the costs of mailings coming out of the tribal office and for you to receive all: mail, notices, requested documents, etc. to you instantly. We are also putting in place a permanent zoom link, which will be located on the SVR website. This link will get you onto the Tribal Council and General Membership meetings. You will find the link located in the membership's private section of the website. The access code (provided upon request) will get you to the site available to all SVR tribal members only. Please do not share this code with others, as all of our tribe's meetings and business are private and confidential to the outside. Both systems will be set up by your own personal email addresses; if you do not have an email address, please contact Georgia Mitchell, Tribal Council Secretary at (707)354-2867, to request one. Respectfully, it is your preference to how you receive your SVR mailings; however, we are hoping with this new system the mailings will get to you sooner and with no problems or delays through postal.

If you're interested in participating with this new system, please fill out the bottom portion of this letter and get it back to Carmen, ASAP; it can be returned by mail, email (cochoa@sherwoodband.com), fax or walk-in. The sooner the better, as we wish to have this system up and running before the General Membership meeting scheduled for November 15, 2025. With that being said, in the event you cannot return the form in time of the GM meeting or access the link through the website for whatever reason, please get in touch with the Tribal Council Secretary through the following contacts:

Cell: (707)354-2867 email: secretary.council@sherwoodband.com; tc.secretary@sherwoodband.com

NOTE: We are working on establishing a dual entry onto SVR zoom meetings with "Barcode Identification" (located on the back of the new SVR Tribal I.D.'s) and video display upon start of meeting. You will have the option of turning the video off after I.D. is confirmed.
