I understand the amount of the loan I am requesting is not to exceed \$1,000.00. I also understand that it has to be six months since I paid off any previous loan to be eligible to reapply for another loan

After loan request approval, payments or automatic deductions of \$100.00 per month can be paid directly or will be taken from my quarterly per capita distributions until paid in full.

I also understand that I must wait at least 6 months after this loan is paid in full before applying for another loan.
